Wm French Buyer's Real Estate Services welcomes new agent

ST. LOUIS – Wm French Buyer's Real Estate Services, a St. Louis-based relocation firm, announced the addition of its newest exclusive buyer's agent with Nancy Jameson.

Jameson brings more than 20 years of real estate experience to Wm French. Prior to joining the company, she worked with both buyers and sellers in the St. Louis area while transferring and relocating employees for some of the area's premier companies.

"I am proud to welcome Nancy to our team," said Bill French, President of Wm French Buyer's Real Estate Services. "Her level of experience and knowledge of the St. Louis market will be assets to our business and to all relocating families she represents."

Now with Wm French, Jameson is excited about the thought of representing buyers only. "Sometimes it's not just about helping people find the right home. It's about helping them find the best schools, places of worship, and clubs or organizations that will enrich their lives the most," she said.

A life-long resident of St. Louis, Jameson is currently a resident of Ladue. She graduated from Western State College of Colorado and has been a licensed realtor since 1989. She has relocation certification and is a member of the St. Louis Association of Realtors, Missouri Association of Realtors, and National Association of Realtors.

She has three children, all of whom attended Ladue schools. Now grown, one lives in Vermont, one attends Loyola University, and one recently started studies at Fontbonne University in St. Louis.

About Wm French

Wm French Buyer's Real Estate Services has created a unique buyers-only focus by relocating employees and their families to the St. Louis area since 1977. Specializing in corporate, local, and international relocations, the company is the first and largest exclusive buyer's agency in the United States. For more information, visit www.wmfrench.com.
